

ACCESS CONTROL

The name Masterfence® is given to fencing and access control products produced by our own skilled craftsmen at our manufacturing plant.

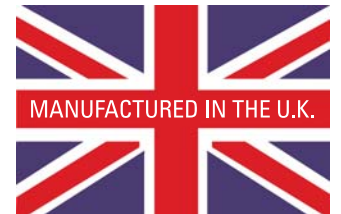

MANUAL OR SLIDING GATES

Manual sliding gates (tracked or cantilever) or manual sliding gates prepared for automation, (kit supplied separate). Swing gate option available.

FULLY AUTOMATED GATES

Fully automated cantilever sliding gates - BS EN 12453 compliant.

McArthur offer complete access control systems to meet the requirement of your client.

Skilled technicians can offer both installation and technical assistance.

RAISE ARM BARRIERS

Manual and fully automatic raise arm barriers.
