

# Proven protection for wrapped bales.

## **VISQUEEN** **POLIWRAP**

For over a decade, Visqueen Poliwrap has been a firm favourite with farmers across the UK. Designed to provide trouble-free wrapping and excellent protection for silage and haylage bales during the long winter storage months, it offers a whole list of impressive benefits including:

- High tack level for excellent sealing between layers
- Long life span
- Consistently high performance under all conditions
- Proven on millions of bales
- British made

Available from McArthur Group branches nationwide
