...with

## 1 Maintenance Free Hinge & Surfaces

The Maintenance Free Hinge is unique in the roof window market and is a leading edge technology product. The only moving part of the window is the hinge. This unique hinging mechanism **does not require lubrication**. The Keylite Maintenance Free Hinge is self-lubricating!

## 2 Trickle Ventilation

Keylite Roof Windows **satisfy the requirement on trickle ventilation into a room**, with the window fully closed and secure/locked. (Note: Some competitor's roof windows do not satisfy this requirement). The built in dust and insect filter ensures only clean air passes into the room.

## 3 Quality Products

Only multi-laminated pine is used for **increased strength and ever-lasting aesthetics**. All timber undergoes a vacuum impregnation preservation treatment. The satin varnished timber and polyester-coated aluminium cladding gives an aesthetically pleasing appearance.

## 4 Window Identification Card

Each window comes complete with its own identification card. This is located underneath the ventilation control handle. Quoting the code on this card **facilitates easy-ordering** of accessories, custom-made blinds, flashings and electric operation kits.

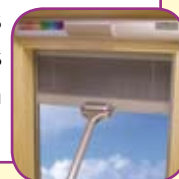

## 5 Glazing Options

Keylite Roof Windows are supplied with toughened glazing system as standard. A large number of thermal variants within the glazing units are available. They can also be supplied with a **wide range of glazing variants** including tinted, frosted and self cleaning glass.

## 6 Blinds & Accessories

Keylite offer a **wide choice of blind options**, including our Integral Blind Window where the blind is permanently sealed within the double glazing unit. We also have a range of opening poles security locks and window restrictors available. Brochures are available upon request from our website.

## 7 Fitting Instructions & Guarantees

Keylite Roof Windows can easily be fitted (on-site) at any stage of property construction, renovation and/or extension. Every Keylite Roof Window comes with a **10 year 'no hassle' product guarantee**.\*
